Tales

Stick Puppets How-to

You will need

Plain printer paper or lightweight card stock

Crayons, markers or colored pencils

Scissors

Glue

Yarn (any color)

Ribbon or decorative tape (any color)

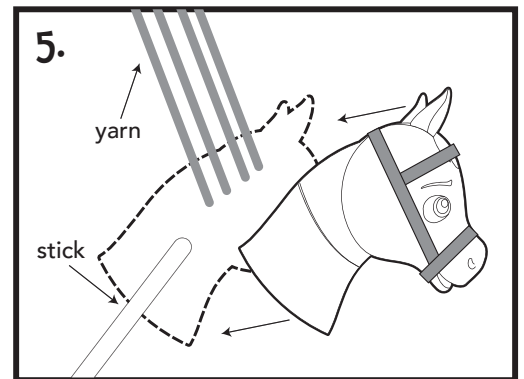

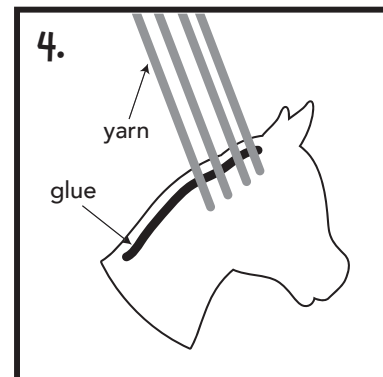

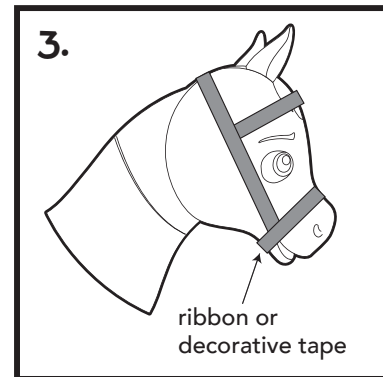

Popsicle stick

Sequins and glitter (optional)

Instructions

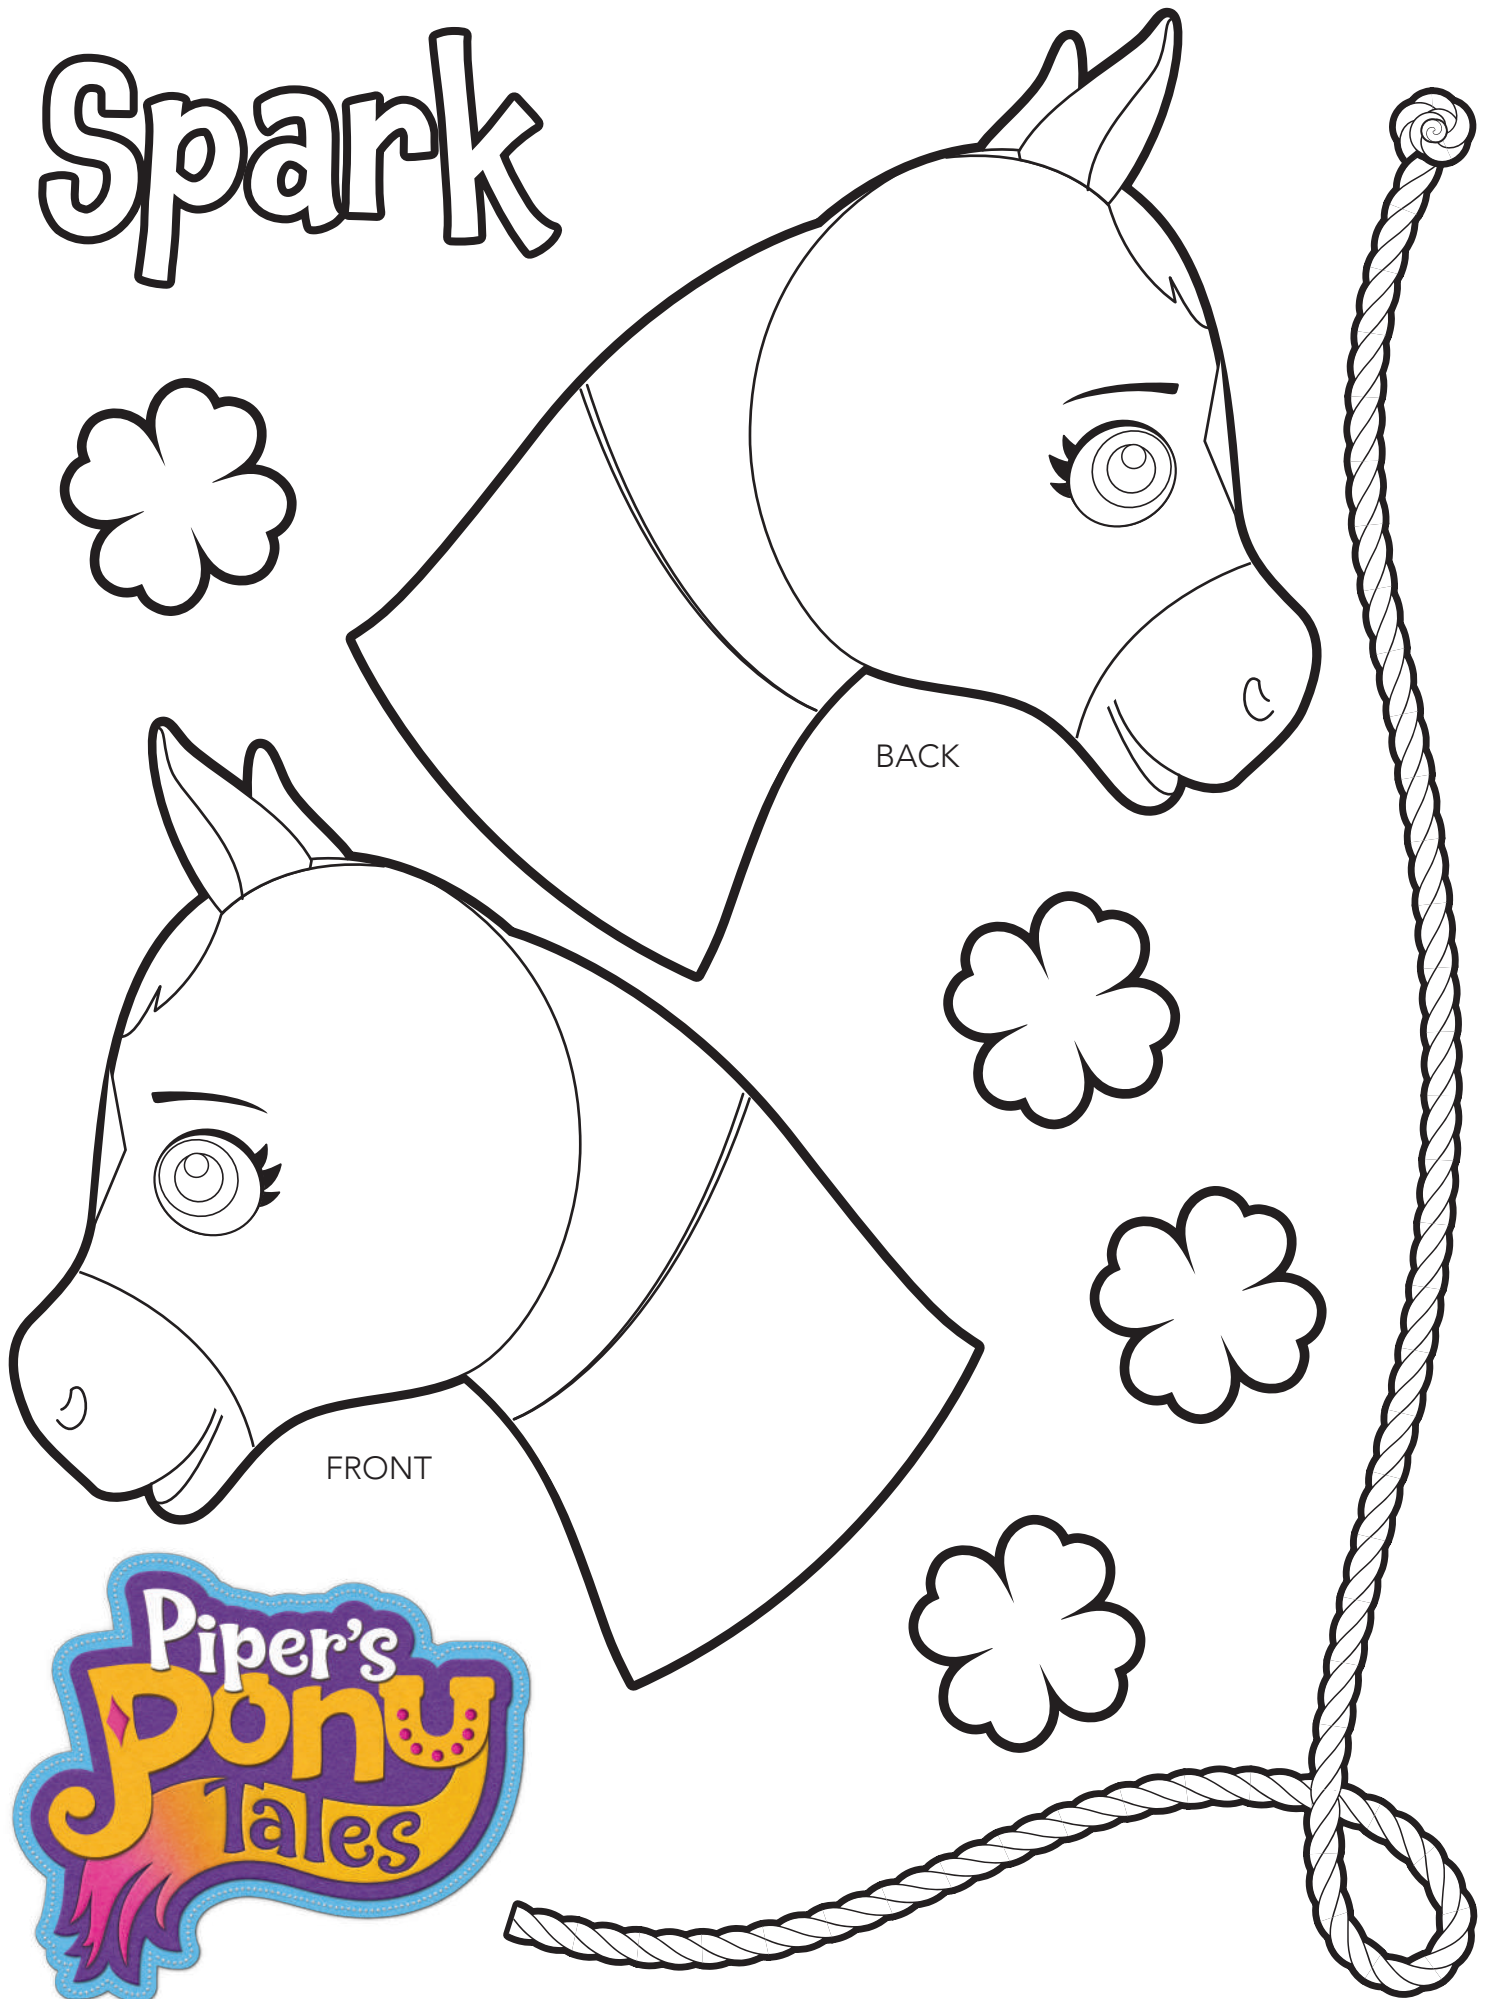

1. Print out coloring sheets and instructions.
2. Color in and cut out around the heavy black lines.
3. To make bridle, cut 3 short pieces of ribbon or decorative tape and add to face on both pictures of Spark. If you want to add other decorations like sequins or glitter, now is the time!
4. To make the mane, cut 10 7-inch pieces of yarn and glue along the inside, top edge to create a mane.
5. Glue the stick onto the back of Spark and then glue the other side of Spark on top of that, sandwiching the yarn and stick in between.
6. Follow the same instructions to create Spark and his friends Rayna and Tuck. Or create any horse you wish.

Have fun re-creating your favorite scenes from the show, or make up your own adventure!
